

# Quinta Maria Cortez “QMC” & Casa Tres Vidas “CTV” Computer / Internet Access Information

We have 2 computers for Guests to access the internet free of Charge.

## Guest Computers

- The Computer for the use of Quinta Maria Cortez guests is located in the Sala on the same level that Breakfast is served.
  - There is also a high speed “Hard Line” access located next to the computer behind the stereo for you to plug your lap top in for internet access.
  - Please do not unplug the line to the Guest Computer
- The Computer for the use of Casa Tres Vidas guests is located in the Lobby on Street level around the corner from the office. We ask that Guests staying at Casa Tres Vidas use this computer.
  - There is also a high speed “Hard Line” access located next to the computer in the lobby for you to plug your lap top in for internet access.
  - Please do not unplug the line to the Guest Computer
- If one of the computers is down you can try to access the other computer. Please be mindful of other guests and limit your use if others are waiting.

## **Wireless Internet Access**

- We have Wireless internet access for QMC & CTV. The Access Point is located above the computer in the Sala of QMC.
- This signal is entitled “Quinta Maria” or “Compu” (the repeater)
- The key code is - **322 221 5317**
- There is also a repeater to magnify the signal “Compu”
  - However lower & higher in the property or in the guest rooms you may not get a signal.

## **Casa Tres Vidas**

- Vida Alta
  - There is a high speed “Hard Line” access located in the Sala/living room in the corner of the banquettes. You can plug your laptop into this jack box.
- Vida Mar
  - There is a high speed “Hard Line” access box located in Vida Mar room number #150. You can plug your laptop into this line.

## **Quinta Maria Cortez**

- There are high speed “Hard Line” access points located in
  - Maximilliano
  - Maria

## **Other computer Notes**

- The open nature of our properties and the warm salty humid air is very hard on Electrical equipment. Many times computers only last a few years. We do our best to keep the equipment maintained and running.
  - If you experience problems with one of the computers please notify our management and we will do our best to have it repaired quickly.
  - Please be patient. You’re in Mexico!
